

## DIRECTIONALS

### ED3766 SERIES R65 Dual Colour Directional LED

The ED3766 dual colour R65 directional LED warning light offers the flexibility of two different colour outputs within a single unit, comprised of 12 high intensity LEDs, six of each colour. SAE Class I light output, synchronisation capability and the choice of 11 flash patterns allows the creation of an attention-getting multi-colour warning system with half the number of lights typically required. Each model can be programmed to flash either colour option individually or alternate colours.

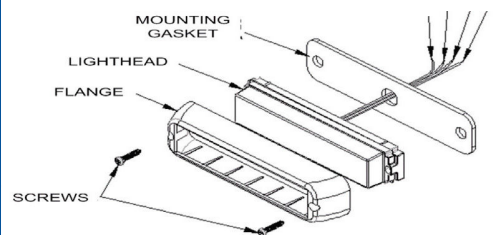

#### Models

PART NO.	VOLTAGE	AMPS	COLOURS	MOUNT
ED3766AB	12/24	0.9	Amber, Blue	Surface
ED3766AC	12/24	0.9	Amber, Clear	Surface
ED3766AG	12/24	0.9	Amber, Green	Surface
ED3766AR	12/24	0.9	Amber, Red	Surface
ED3766RB	12/24	0.9	Red, Blue	Surface

#### Features and Benefits

- 12 high-intensity LEDs provide exceptional warning
- Six LEDs per colour
- 11 flash patterns
- Synchronisable
- Aluminium housing, polycarbonate lens
- Encapsulated electronics
- Operating temp: -30°C to +50°C
